Dr. Manila is an Associate Professor and Director of Oral and Maxillofacial Radiology at California Northstate University College of Dental Medicine. Following her dental degree from Rajiv Gandhi University of Health Sciences, Dr. Manila's interest in radiology led her to pursue a Ph.D. in Oral Radiation Oncology from Tokyo Medical and Dental University. To further specialize, Dr. Manila completed an Oral and Maxillofacial Radiology residency at Texas A&M School of Dentistry. Dr. Manila holds a Master's degree in Artificial Intelligence from the University of Alcalá and a certification in the field from Harvard T.H. Chan School of Public Health.

A Fellow of the American College of Dentists, Dr. Manila brings a valuable combination of clinical experience and research focus. She actively presents research and focuses on leveraging advanced imaging techniques. Dr. Manila explores the use of Artificial Intelligence to improve both healthcare education and patient care outcomes.
